Student Center Log-In Instructions

Note: If you are logging in from off-campus you will need to use a Virtual Private Network (VPN) and Two-Factor Authentication (2FA) in order to access My UT Health and the Student Center.

1. Go to http://www.uthscsa.edu/ and click on Quicklinks

2. Click My UT Health
Note: Depending on the computer/device you are using, you may be asked for either your username and password or your email address and password. If you are asked for your email and password, enter USERNAME@uthscsa.edu instead of USERNAME@livemail.uthscsa.edu (for example - JONES@uthscsa.edu instead of JONES@livemail.uthscsa.edu). The portal login requires that you remove “livemail” from your email address for this Microsoft portal login only.

If your livemail shows up automatically as your email address, choose “Use another account” and enter USERNAME@uthsca.edu as instructed above.

3. Click students
4. Click the Student Administration Campus Solutions Login link

5. Click on Self Service

6. Click on Student Center.

**Getting Help:**
If you have any difficulties with your Username, Livemail account, or passwords, please see the Information Management and Services web pages at http://ims.uthscsa.edu/index.aspx or contact the IMS Service Desk at 210-567-7777 or email IMS-ServiceDesk@uthscsa.edu.
Also, the Information Desks at the Briscoe Library or Laredo Library may also assist you with your domain account password.
